

LIQUID
UNIVERSUM

**PRODUCT PORTFOLIO FOR
FOOD SUPPLEMENTS**

VERSION 3.1 | 09.04.2025

WELCOME TO THE LIQUID UNIVERSE!

At our headquarters in Ostfildern near Stuttgart, we develop, produce and distribute various types of food and nutritional supplements, sports nutrition, active ingredient tinctures and more. The services we offer range from pure contract manufacturing to the holistic development of innovative new products as white or private labels. To ensure that you as a customer always receive products of the best and most consistent quality, we only use raw materials and primary products from certified suppliers, which are carefully selected by us.

SERVICES

- Fully automatic filling 10–50 ml with inert gas overlay
- Semi-automatic filling up to 1,000 ml
- Filling of all powder types with induction sealing
- Packaging of capsule products
- Packaging of sales units e.g.
 - Advent calendars, special packaging
- Filling of 66ml squeeze bottles with sleeve

SERVICE & SUPPORT

We understand the importance of quality, regulatory requirements and and smooth processes. That is why we accompany our customers during the entire product development cycle:

- Consultancy & conformity testing
- Product development & registration
- Labelling and packaging design
- Production and quality control
- Shipping and logistics

Are you new to this sector and would like some advice? Do you have questions about our existing portfolio? Would you like to develop a new product and need support? No problem! Our team is always on hand with help and advice!

Vitamin B3	9,54 mg	60
Vitamin B5	2,4 mg	40
Vitamin B6	7 mg	500
Vitamin B12	0,025 mg	1000

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Party Smart - this spray gives you a boost after a long night of partying. Long-lasting effect, tooth-friendly formulation (without sugar) and in a practical sprayer. No annoying dissolving in water necessary. The Vitamins it contains contribute to normal energy metabolism.

ENERGY AND FOCUS

CORDYZEPS

FLAVOUR: MINT

INGREDIENTS:

Water, cordyceps extract, humectants: xylitol and glycerol, L-theanine, ashwagandha root extract (*Withania somnifera*), Vitamin B3 (nicotinamide), sweetener: steviol glycosides, acidity regulator: Citric acid, preservative: potassium sorbate, Vitamin B1 (thiamine HCl), peppermint essential oil (*Mentha arvensis*), Vitamin B12 (methylcobalamin), thickener: xanthan gum

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1ml)	%NRV*
Cordyzeps Extract	200 mg	**
Ashwagandha Extract	25 mg	**
L-Theanin	50 mg	**
Vitamin B1	0,55 mg	50
Vitamin B3	8 mg	50
Vitamin B12	250 µg	10.000

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

A dietary supplement with cordyceps extract, ashwagandha, L-theanine and Vitamins B1, B3 and B12. Refined with essential peppermint oil, natural sweetness from steviol glycosides and a pleasant consistency. Ideal for an active everyday life!

WORKOUT

POST WORKOUT - ANTIOXIDANT SPRAY

FLAVOUR: CHERRY

INGREDIENTS:

Water, ascorbic acid, natural flavouring, tocopheryl acetate, sodium selenite, acidifier: citric acid, preservative: potassium sorbate, sweetener: sucralose

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1 ml)	%NRV*
Vitamin C	80 mg	100
Vitamin E	12 mg	100
Selenium	55 µg	100

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Physical exercise can stimulate the production of free radicals and thus cause oxidative damage. Oxidative damage is linked to the development of cardiac dysfunction, insulin resistance, arteriosclerosis and tissue damage. This formulation contains several antioxidant INGREDIENTS, including Vitamins E and C and the mineral selenium. Vitamins E and C help to protect cells from oxidative stress.

POST WORKOUT - RECOVERY DROPS

FLAVOUR: GRAPEFRUIT

INGREDIENTS:

Water, calcium chloride-2-hydrate, flavouring, acidifier: citric acid, sweetener: sucralose, cholecalciferol, folic acid

Average nutrient content per daily portion (DS = 1,5 ml)

Nutrients	Reference amount per daily portion (DS = 1,5 ml)	%NRV*
Vitamin D	5 µg	100
Folic acid	200 µg	100
Calcium	120 mg	15

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

The central active ingredient in this formula is calcium. Calcium contributes to normal blood clotting, energy metabolism and muscle function. The Vitamin D it contains contributes to normal blood calcium levels. In addition, Vitamin B9 (folic acid) is used in this formula.

RICE PUDDING

For a conscious diet: Our rice pudding is more than just a snack – it is your ideal companion for an active and healthy lifestyle. The valuable nutrients, such as complex carbohydrates and high-quality proteins, provide your body with energy and support your regeneration. Thanks to the natural recipe, it is easy to digest and perfectly tailored to the needs of athletes and nutrition-conscious connoisseurs.

Versatile in use:

- **Before training:** As a light snack, it tops up your energy stores without weighing you down.
- **After training:** Promotes rapid recovery and gives your body the power it needs.
- **In between:** A healthy snack that provides long-lasting energy and satisfies cravings at the same time.

Practical packaging: We offer our rice pudding in two practical packaging variants:

- **Reusable tin:** Ideal for at home to access your portion of rice pudding at any time
- **Flexible stand-up pouches:** Perfect for on the go, whether in the gym, office or when travelling. Both packs are available from 250 g and come with a high-quality induction seal to guarantee freshness and quality.

Rice pudding is a sweet dessert made from milk, sugar and rice. It originated in Asia and Europe and can be served hot or cold. It is often flavoured with cinnamon, vanilla or fruit. In many cultures, it is also a traditional festive dish.

CORN PUDDING

For a conscious diet: Our corn pudding is more than just a treat – it is your ideal companion for an active and balanced lifestyle. With its unique recipe, it provides high-quality carbohydrates that energise your body and promote rapid regeneration. Ideally tailored to the needs of athletes and nutrition-conscious connoisseurs.

Versatile in use:

- **Before training:** A natural source of energy that optimally prepares you for your sporting challenges.
- **After training:** Supports regeneration and replenishes your energy stores.
- **In between:** The perfect snack for small appetites that is both filling and healthy.

Practical packaging: Our corn pudding is available in two practical packaging variants:

- **Reusable tin:** Perfect for use at home so you can access your favourite pudding at any time.
- **Flexible stand-up pouches:** Ideal for on the go, whether at the gym, at work or when travelling. Both types of packaging are available from 250 g and have a high-quality induction seal that guarantees freshness and quality.

Corn pudding, also known as corn pudding, is a savoury or sweet dish made from corn, milk, eggs and often flour or corn starch. It is particularly popular in the USA and Latin America. Traditionally, it is often served as a side dish to holiday meals such as Thanksgiving. In Latin America, there are variations such as humitas or pastel de choclo, which are flavoured with spices and sometimes cheese or meat.

OAT PUDDING

For a conscious diet: Our oat pudding combines natural indulgence with valuable nutrients – creamy, filling and available in three varieties: coarse, for a crunchy texture, medium, for a balanced, creamy consistency, and special, for a particularly fine consistency.

Perfect for nutrition-conscious athletes and anyone who appreciates a balanced diet: Oat pudding is the ideal source of energy before training and a regenerative snack afterwards. It provides high-quality, complex carbohydrates and fibre to keep you satiated for a long time and give your body the best possible support.

Whether for sport, everyday life or indulgence – oat pudding is perfect for any occasion!

Versatile in use:

- **Before training:** An easily digestible snack that fills your energy stores without weighing you down.
- **After training:** Supports your regeneration and gives your body the nutrients it needs.
- **In between:** A healthy and filling snack that prevents cravings and provides energy.

Variants for every Flavour:

Our oat pudding is available in three textures to perfectly suit your preferences:

- **Rough:** For a hearty, rustic texture.
- **Medium:** For a balanced, creamy consistency.
- **Special:** For a particularly fine and velvety flavour.

Practical packaging:

see rice and corn pudding

Oat pudding is particularly common in northern European countries such as Scotland, Ireland and Scandinavia, where oats were traditionally a staple food.

CREATINE

PRODUCT DESCRIPTION:

Discover the powerful support for your muscles with creatine, a fascinating carbon-nitrogen compound! This unique substance is formed in the body with the help of amino acids in the liver and kidneys and plays a crucial role in the energy metabolism of skeletal muscles, especially during short-term muscular exertion.

Experience the natural power source of creatine and support your muscles on their way to peak performance!

Tin and stand-up pouch from 250g with induction seal.

In addition to the body's own synthesis, creatine is also contained in animal foods such as fish and meat, especially in high-quality cuts of meat with little connective tissue, such as fillet. Creatine plays a key role in the rapid regeneration of ATP (adenosine triphosphate), the most important source of energy for muscle contractions, and therefore makes a significant contribution to maintaining physical resilience.

VITAMIN B12 COMPLEX

FLAVOUR: NEUTRAL

INGREDIENTS:

Water, steviol glycosides, natural menthol flavouring, Vitamin B3 (nicotinamide), Vitamin B1 (thiamine hydrochloride), Vitamin B5 (D-pantothenate, calcium), Vitamin B12 (methylcobalamin), Vitamin B2 (riboflavin-5-phosphate sodium), Vitamin B6 (pyridoxine hydrochloride), potassium sorbate, citric acid, natural lemon flavouring.

Average nutrient content per daily portion (DS = 0,4 ml)

Nutrients	Reference amount per daily portion (DS = 0,4 ml)	%NRV*
Vitamin B1	6,6 mg	600
Vitamin B2	1,26 mg	90
Vitamin B3	9,54 mg	60
Vitamin B5	6,7 mg	40
Vitamin B6	7 mg	500
Vitamin B12	250 µg	10 000

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i Vitamin B12 supports the body in many ways: It helps to reduce tiredness and fatigue, promotes the normal functioning of the nervous system and plays a central role in the formation of red blood cells. It also supports the normal function of the immune system and, together with the Vitamins it contains, contributes to a healthy energy metabolism.

MAGNESIUM GEL

FLAVOUR: NEUTRAL

INGREDIENTS:

Magnesium citrate, vegetable glycerine, water, Vitamin B6 (pyridoxine hydrochloride), xanthan gum, citric acid

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1 ml)	%NRV*
Magnesium	300 mg (als 1.875mg magnesium citrate)	80
Vitamin B6	3 mg	214

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i Magnesium is an essential mineral that contributes to normal energy metabolism, the nervous system, normal muscle function and the maintenance of bones. As a cofactor of more than 600 enzymes, magnesium plays an important role in the regulation of a variety of biochemical reactions and cellular functions.

FLAVOUR

DROPS

OVER 100 FLAVOURS!
FROM A FOR APPLE PIE TO Z FOR CINNAMON BUN
STEVIA FLAVOURS AVAILABLE

INGREDIENTS:

Water, sweetener: stevia glycoside, propylene glycol E1520, flavouring

i With the help of Flavour Drops, you can give your food and drinks their own Flavour flavour. For example, you can easily give your water or yoghurt an individual touch with the sugar- and fat-free Flavour Drops without calories.

VITAMIN

COMPOUND

FLAVOUR: VARIOUS. FLAVOUR DIRECTIONS, COLA

INGREDIENTS:

Water, acidifier: citric acid, caramel sugar syrup, natural flavourings, ascorbic acid, sweetener: sucralose, preservative: potassium sorbate, nicotinamide, sweetener: steviol glycosides, L-carnitine, calcium D-panthothenate, pyridoxine hydrochloride, folic acid, D-biotin, cyanocobalamin

Average nutrient content per daily portion (DS = 2,5 ml)

Nutrients	Reference amount per daily portion (DS = 2,5 ml)	%NRV*
Vitamin C	12 mg	15
Niacin	2,4 mg	15
Pantothenic acid	0,90 mg	15
Folic acid	30 µg	15
Biotin	8 µg	16
Vitamin B12	0,38 µg	15,2
Vitamin B6	2,1 mg	15
L-Carnitin	1,88 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i The World Health Organisation (WHO) recommends limiting the daily intake of freely available sugar to a maximum of ten percent - ideally only five percent - of the total energy intake. The Vitamin compounds offer a clever alternative to conventional, sugary products and at the same time provide the body with valuable Vitamins and minerals. With over X delicious FLAVOUR flavours, they can be perfectly integrated into everyday life - without compromising on Flavour.

L-CARNITIN DRINK

FLAVOURSRICTUNG: PEACH, CHERRY, ORANGE

AVAILABLE IN 500 ML OR 1,000 ML BOTTLES

INGREDIENTS:

eg.: Peach

Water, L-carnitine, acidifier: citric acid, natural flavouring, preservative: potassium sorbate, sweetener: acesulfame K, sweetener: sucralose, colour: beta-carotene, colour: black carrot, pyridoxine hydrochloride

Average nutrient content per daily portion (DS = 30 ml)

Nutrients	Reference amount per daily portion (DS = 30 ml)	%NRV*
L-Carnitin	3000 mg	**
Vitamin B6	1,6 mg	114,3

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

An L-carnitine drink is often used as a support during sporting activities or active phases. Studies show that L-carnitine can promote energy production from fats, especially before training, which can contribute to improved endurance performance. The drink is therefore ideal as a pre- or post-workout supplement - or for anyone looking for a refreshing drink with a targeted composition.

ZINC

FLAVOUR: NEUTRAL

INGREDIENTS:

Steviol glycosides, water, zinc acetate, Vitamin B5 (D-pantothenate, calcium), natural menthol flavouring, natural mint flavouring FLAVOUR, citric acid, potassium sorbate

Average nutrient content per daily portion (DS = 1,6 ml)

Nutrients	Reference amount per daily portion (DS = 1,6 ml)	%NRV*
Zinc	25 mg	250
Vitamin B5	10,8 mg	180

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Zinc is an essential trace element that plays a central role in numerous enzymatic processes in the human body. It supports a balanced acid-base balance and normal carbohydrate metabolism. Zinc is also important for fertility and healthy reproduction. It is also an important building block for strong bones and healthy hair, nails and skin.

IRON

FLAVOUR: NEUTRAL

INGREDIENTS:

Water, cane sugar, ferrous sodium EDTA, vegetable glycerol, ferric ammonium citrate, steviol glycosides, citric acid E330, preservative: potassium sorbate E202, natural apple flavouring

Average nutrient content per daily portion (DS = 0,6 ml)

Nutrients	Reference amount per daily portion (DS = 0,6 ml)	%NRV*
Iron	7 mg	50

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i Iron is an essential trace element that plays a decisive role in numerous vital functions in the human body. As an integral component of haemoglobin, iron contributes to normal oxygen transport in the blood. It also contributes to normal energy metabolism and normal functioning of the immune system.

Vitamin D3	25 µg 1.000 IU	500

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i

Vitamin D3 in absolute premium quality supports the maintenance of normal bones, teeth and muscle function as well as the normal function of the immune system. One drop a day is enough to simply and effectively cover the need for this essential vital substance and provide optimum support for the body.

VITAMIN D3/K2

FLAVOUR: NEUTRAL

INGREDIENTS:

Medium-chain triglycerides (MCT); cholecalciferol (Vitamin D3), menaquinone-7-all-trans (Vitamin K2)

Average nutrient content per daily portion (DS = 0,029 ml)

Nutrients	Reference amount per daily portion (DS = 0,029 ml)	%NRV*
Vitamin D3	25 µg	500
Vitamin K2	20 µg	27

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i Vitamin D3 and K2 in premium quality – the ideal duo for strong bones and a healthy immune system. Just one drop a day is enough to optimally supply the body with these important vital substances.

VITAMIN D3/K2

1.000 IU

LIPOSOMAL

INGREDIENTS:

Water, humectant (glycerine), solvent (ethanol), sunflower oil, emulsifier (lecithin (**soya**)), flavouring (orange peel oil), Vitamin K2 in MCT oil, Vitamin D3 in MCT oil, antioxidant (alpha-tocopherol)

Average nutrient content per daily portion (DS = 0,12 ml)

Nutrients	Reference amount per daily portion (DS = 0,12 ml)	%NRV*
Vitamin D3	25 µg	500
Vitamin K2	25 µg	33

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i Vitamin D3 and K2 in absolute premium quality are the perfect duo for your bones and your immune system. One drop a day is enough to easily cover your need for these vital substances and support your day. Liposomes can help to improve the absorption of nutrients or active ingredients. Encapsulation in liposomes can increase the effectiveness of food supplements or medication.

VITAMIN C

GEL

FLAVOUR: NEUTRAL

INGREDIENTS:

Water, vitamin C (sodium L-ascorbate & L-ascorbic acid), sunflower lecithin, glycerine, steviol glycosides, xanthan gum, potassium sorbate, vitamin E (DL-alpha-tocopherol, antioxidant), natural lemon flavouring.

Average nutrient content per daily portion (DS = 4 ml)

Nutrients	Reference amount per daily portion (DS = 4 ml)	%NRV*
Vitamin C	1000 mg	1250

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
 ** without NRV

Vitamin C, known for its role as a powerful antioxidant, contributes to normal collagen formation for the normal function of blood vessels, bones and cartilage. Vitamin C also increases the absorption of iron.

VITAMIN C+D

GEL

FLAVOUR: NEUTRAL

INGREDIENTS:

Water, vitamin C (sodium L-ascorbate & L-ascorbic acid), sunflower lecithin, glycerine, steviol glycosides, cholecalciferol (vitamin D3), xanthan gum, potassium sorbate, vitamin E (DL-alpha-tocopherol, antioxidant), natural lemon flavouring.

Average nutrient content per daily portion (DS = 4 ml)

Nutrients	Reference amount per daily portion (DS = 4 ml)	%NRV*
Vitamin C	1000 mg	1250
Vitamin D3	40 µg	800

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
 ** without NRV

The combination of vitamin C and vitamin D in food supplements offers a synergistic effect and can support the immune system and promote bone and tooth health. Vitamin C and D contribute to the reduction of tiredness and fatigue. Vitamin D contributes to normal blood calcium levels.

BEAUTY

INNER BEAUTY

SPRAY

FLAVOUR: GUAVE-HONIG

INGREDIENTS:

Water, rose extract, flavouring, sodium selenite, zinc gluconate, acidifier: citric acid, preservative: potassium sorbate, tocopheryl acetate, sweetener: sucralose

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1ml)	%NRV*
Sodium selenite	55 µg	100
Zinc	1,5 mg	100
Vitamin A	120 µg	15
Rose Extract	40 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i

As a component of many enzymes, zinc contributes to normal acid-base metabolism and normal carbohydrate metabolism. Zinc also contributes to normal fertility and normal reproduction. Zinc contributes to the maintenance of normal bones, hair, nails and skin.

SKINCARE DROPS

FLAVOUR: CUCUMBER-RASPBERRY

INGREDIENTS:

Water, natural flavours, hyaluronic acid, sweetener: sucralose, manganese gluconate, biotin

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1ml)	%NRV*
Biotin	75 µg	15
Manganese	300 µg	15
Hyaluronic acid	100 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Biotin contributes to the normal function of skin, hair and mucous membranes.

ASTAXANTHIN

FLAVOUR: ERDIG

INGREDIENTS:

Water, astaxanthin (modified starch, oleoresin from Haematococcus pluvialis, natural mixed tocopherol), alpha-tocopheryl acetate, acidifier: citric acid; preservative: potassium sorbate

Average nutrient content per daily portion (DS = 2 ml)

Nutrients	Reference amount per daily portion (DS = 2ml)	%NRV*
Vitamin E	12 mg	100
Astaxanthin	12 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Astaxanthin drops contain one of the most powerful antioxidants in the world. The carotenoid astaxanthin is produced by green algae (*Haematococcus pluvialis*) and is responsible for the red colouring of crustaceans and salmon, for example. Astaxanthin has an antioxidant and anti-inflammatory effect. Vitamin E helps to protect cells from oxidative stress.

CHLOROPHYLLIN

FLAVOUR: GUAVA-HONEY

INGREDIENTS:

Water, chlorophyllin, acidifier: citric acid, preservative: potassium sorbate

Average nutrient content per daily portion (DS = 2,5 ml)

Nutrients	Reference amount per daily portion (DS = 2,5 ml)	%NRV*
Chlorophyllin	200mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Chlorophyll is also called the „green blood“ because it differs from haemoglobin - the red blood pigment in our body - in only one atom. Chlorophyll is responsible for the green colour of plants and gives them the ability to photosynthesise. The greener the colour, the more chlorophyll a plant has.

COLLAGEN

GEL

FLAVOUR: PASSION ADDICTION

INGREDIENTS:

Collagen, water, steviol glucosides, vitamin C (L-ascorbic acid), hyaluronic acid, glycerine, xanthan gum, potassium sorbate, passion fruit flavouring

Average nutrient content per daily portion (DS = 4 ml)

Nutrients	Reference amount per daily portion (DS = 4 ml)	%NRV*
Biotin	3000 µg	6000
Vitamin C	150 mg	187,5
Hyaluronic acid	120 mg	**
Verisol Collagen®	2500 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Collagen is the main ingredient that makes skin beautiful and healthy, as it makes up to 80% of subcutaneous tissue. Our collagen gel with verisol collagen is designed to be quickly absorbed by the body, so you get the full benefits of collagen without having to wait for it to be metabolised. In addition to the active collagen, Beauty Collagen also contains hyaluronic acid, biotin and vitamin C. Hyaluronic acid improves the elasticity of the skin and reduces dryness. Biotin in turn promotes the health of hair and nails, and vitamin C improves collagen metabolism.

ZINC & ELDERBERRY

FLAVOUR: ELDER

INGREDIENTS:

Steviol glycosides, water, zinc acetate, elderberry extract (Sambucus nigra), vitamin B5 (D-pantothenate calcium), natural menthol flavouring, natural spearmint flavouring, citric acid, potassium sorbate.

Average nutrient content per daily portion (DS = 1,6 ml)

Nutrients	Reference amount per daily portion (DS = 1,6 ml)	%NRV*
Zinc	25 mg	250
Vitamin B5	10,8 mg	180
Elder Extract	200 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i As a component of many enzymes, zinc contributes to a normal acid-base metabolism and a normal carbohydrate metabolism. Elderberry is known for its antioxidant properties and has long been recognised for its immune-boosting benefits.

BIOTIN

LIPOSOMAL

INGREDIENTS:

Water, humectant: glycerine, natural menthol flavouring, acidity regulator: sodium bicarbonate, antioxidant: citric acid, D-biotin, sweetener: steviol glycosides from stevia, preservative: potassium sorbate, natural lemon flavouring.

Average nutrient content per daily portion (DS = 0,8 ml)

Nutrients	Reference amount per daily portion (DS = 0,8 ml)	%NRV*
Biotin	3000 µg	6000

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i Biotin contributes to the normal function of skin, hair and mucous membranes. Biotin also contributes to normal homocysteine metabolism and energy metabolism.

UBIQUINOL Q10

FLAVOUR: NEUTRAL

INGREDIENTS:

Water, humectant (glycerine), solvent (edible ethanol), emulsifier (lecithin (**soya**)), sunflower oil, coenzyme Q10, flavouring (orange peel oil), antioxidant (alpha-tocopherol)

Average nutrient content per daily portion (DS = 0,125 ml)

Nutrients	Reference amount per daily portion (DS = 0,125 ml)	%NRV*
Coenzyme Q10	4,2 mg	

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i

Coenzyme Q10, also known as ubiquinone-10, is an endogenous substance that is mainly produced in the liver and belongs to the vitamin-like substances (vitaminoids). Ubiquinol, the fully reduced form of coenzyme Q10, is primarily used in this product.

Ubiquinol is characterised by an increased antioxidant effect, as it can exchange electrons and flexibly convert into different forms: partially reduced (semiquinone or ubisemiquinone) and fully oxidised (ubiquinone-10). These properties make it a powerful companion that neutralises free radicals and provides lasting support for the body.

For more energy and protection at cellular level

VITAMIN B12

FLAVOUR: NEUTRAL

INGREDIENTS:

Glycerine (E 422) dist. Water, vitamin B12 (hydroxocobalamin, methylcobalamin, adenosylcobalamin)

Average nutrient content per daily portion (DS = 0,15 ml)

Nutrients	Reference amount per daily portion (DS = 0,15 ml)		%NRV*
Vitamin B12	500 µg		20 000
Hydroxocobalamin	thereof	300 µg	
Methylcobalamin	thereof	100 µg	
Adenosylcobalamin	thereof	100 µg	

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i

Vitamin B12 has various functions in our metabolism. Vitamin B12 contributes to normal energy metabolism and homocysteine metabolism. It also contributes to the normal function of the immune system and cell division.

SPERMIDIN

FLAVOUR: NEUTRAL

INGREDIENTS:

Sunflower lecithin, vegetable glycerine, gum arabic, ascorbic acid (vitamin C), -tocopherol (vitamin E), spermidine 1.2%, vitamin B9 (folic acid)

Average nutrient content per daily portion (DS = 0,25 ml)

Nutrients	Reference amount per daily portion (DS = 0,25 ml)	%NRV*
Spermidin	3 mg	**
Vitamin B9	150 µg	37,5

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Spermidine is a natural substance that occurs in every cell of the human body and plays a crucial role in cell metabolism. It supports the body's own renewal process, known as autophagy, in which damaged cell components are broken down and recycled. With increasing age, the body's own spermidine production decreases, which is why a targeted supply through diet or nutritional supplements can be useful

GINGER GUARANA SHOT

FLAVOUR: GINGER

INGREDIENTS:

Water, ginger extract, orange juice concentrate, acidifier: citric acid, guarana extract, preservative: potassium sorbate, ascorbic acid, steppe root distillate, natural flavouring, sweetener: steviol glycosides

Average nutrient content per Shot (DS = 30 ml)

Nutrients	Reference amount per daily portion (DS = 30 ml)	%NRV*
Vitamin C	40 mg	50
Steppenwurzeln-Destillat	47 mg	
Ingwer Extrakt	1 500 mg	
Guarana Extrakt	150 mg	
	davon Koffein 15mg	

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Ginger can have a positive effect on the immune system**

Caffeine is a stimulant of the central nervous system and can have effects on the autonomic nervous system, the cardiovascular system, the respiratory system and the kidneys**.

RELAX

SLEEP WELL

REISHI

FLAVOUR: LEMON-LAVENDER

INGREDIENTS:

Water, reishi extract (Ganoderma lucidum), humectants: glycerine and xylitol, L-theanine, lemon balm leaf extract (Melissa officinalis), sweetener: steviol glycosides, preservative: potassium sorbate, acidity regulator: citric acid, thickener: xanthan gum, melatonin, peppermint essential oil (Mentha arvensis), lavender essential oil (Lavandula angustifolia).

Average nutrient content per daily portion (DS = 1 ml)

other	Reference quantity	%NRV*
Nutrients	per daily serving (DS = 1 ml)	
Reishi Extract	200 mg	**
Melatonin	1,9 mg	**
L-Theanin	50 mg	**
Melissa leaf Extract	50 mg	**
essential lavender oil	0,5 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011
** without NRV

i

This product contains melatonin which helps the body to shorten the time it takes to fall asleep and helps to alleviate the subjective feeling of jet lag. It also contains an extract of the reishi mushroom, which has been used for thousands of years in Chinese and Japanese medicine.

STRESS STOP

REISHI

FLAVOUR: MINT

INGREDIENTS:

Water, reishi extract (*Ganoderma lucidum*), humectants: glycerine and xylitol, ashwagandha root extract (*Withania somnifera*), sweetener: steviol glycosides, vitamin B6 (pyridoxine HCl), vitamin B12 (methylcobalamin), preservative: Potassium sorbate, acidity regulator: citric acid, thickener: xanthan gum, peppermint essential oil (*Mentha arvensis*), sweet orange essential oil (*Citrus sinensis*).

Average nutrient content per daily portion (DS = 1 ml)

Nutrients	Reference amount per daily portion (DS = 1 ml)	%NRV*
Vitamin B6	7 mg	500
Vitamin B12	250 µg	10 000
Reishi Extract	200 mg	**
Ashwagandha Extract	50 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

This unique blend combines reishi extract, ashwagandha and vitamins B6 and B12 to effectively combat stress and promote your emotional well-being. Vitamin B6 and vitamin B12 contribute to the reduction of tiredness and fatigue as well as to the normal functioning of the nervous system and mental function.

GOOD NIGHT

SPRAY

FLAVOUR: ELDER

INGREDIENTS:

Glycerine, water, acidifier: citric acid, passion flower extract, natural flavours, melatonin, preservative: potassium sorbate, sweetener: sucralose

Average nutrient content per daily portion (DS = 0,12 ml)

other Nutrients	Reference quantity per daily serving (DS = 0,12 ml)	%NRV*
Melatonin	0,5 mg	**
Passion flower Extract	10 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

Melatonin is a hormone produced naturally in the body that plays a central role in controlling the sleep-wake cycle. It is produced in the pineal gland from serotonin and signals to the body when it is time to rest. As a natural part of our biorhythm, melatonin helps to regulate the day-night rhythm and support restful sleep.

GOOD NIGHT SPRAY - INTENSE

FLAVOUR: ORANGE

INGREDIENTS:

Water, humectant (glycerine), solvent (edible ethanol), sunflower oil, emulsifier (lecithin (**soya**)), melatonin, flavouring (orange peel oil), antioxidant (vitamin E).

Average nutrient content per daily portion (DS = 0,12 ml)

other Nutrients	Reference quantity per daily serving (DS = 0,12 ml)	%NRV*
Melatonin	1 mg	**

*Nutrient Reference Values according to Regulation (EU) No. 1169/2011

** without NRV

i

Melatonin is a hormone produced naturally in the body that plays a central role in controlling the sleep-wake cycle. It is produced in the pineal gland from serotonin and signals to the body when it is time to rest. As a natural part of our biorhythm, melatonin helps to regulate the day-night rhythm and support restful sleep.
